Sept 19

MJK at Haringey Magistrates to witness CPS go frantic to block his bail reliant only on Dr Tegwyn Williams and his false psychiatric reports, 2 years old, stating MJK had “significant brain damage” and possible brain tumour, recommending MJK be further sectioned, xx to another and to be sent to Ashworth High Security Prison. Bail was given but CPS demand the regulation 2 hours to appeal, keeping MJK in custody. The appeal was not forthcoming so MJK was released. Musas and MJK return to Tottenham Police Station to again try to lodge a complaint. Police continue to confiscate laptop, more legal papers and now mobile phones and camera.

Sept 20

MJK returns to Kilburn solicitors to demand return of his own legal papers and statements given to their agent employed by MJK whilst locked up in Tottenham Police Station over the weekend. Power & Spencer refuse him his papers also and deny, before Police, MJK was a client or ever was. That might explain why section 12 psychiatrists and psychiatric nurse gained entry to MJK cell that weekend and wrote on 19th Sept 2011 medical report asking MJK be sectioned to a secure psychiatric prison, also reliant only on Dr. Tegwyn Williams 2009 medical reports during South Wales Police’s nearly 8 month false imprisonment, based on MJK trading in machine guns. MJK is arrested for racially related allegation at the solicitors’ offices and locked up. Refused the right xxx to inform someone.
