Dear John

At last! An address to write to and letter today, at last, to send out information!!!

Urgent to tell S of what she witnessed at the place up the road from the tube station where I picked you up is panning out again – they are trying to play the same card – publish please!

All info - enclose summaries & copy of 4th Oct MJK letter to Mag. Court today: (needs typing out)

Scan and send too to S – her letter first confirmation I am in court on 5th.

I have been given nothing verbally, or in writing as to why I am in prison or when and for what for I am next in court – assume S' info is correct.

Copy of 4th Oct MJK – Cardiff Mg. Letter posted 5th (as L/A officer reposted to MJK cell)

1. Why was I not allowed under arrest to court last week?
2. Exactly what happened in June 2009 when they failed to tell me I was on videolink for bail appl. to Cardiff Crown – who is behind all this?
3. I have not been told or given papers as to why I am in prison – why not? (21st Sept Mag Adj to establish just that!!)
4. I am refused medication promised blood test & endoscopy why not?
5. Last week I told them not fit enough to travel to court – were you told that?
6. Police have seized my legal papers, computer, cheque books, credit card, mobile phones, etc.
7. Have you received my papers from prison?
8. Police refuse to return my property (now not relevant to current proceedings xxx to scree up 28th Sept High Court hearing re MJK v Police civil actions and 4th Oct hearing re JR & 2nd Nov convict.
9. Prison refused me access to 28th Sept hearing in High Court and tomorrow's 4th JR. Both in Cardiff Civil Justice Centre.

When you write down – I am frantic for names, addresses and phone numbers. (Pref. Land lines but anything) from those who can help.

I have been bed ridden since almost day came in – severe gut pain & upper xxx bleeding – no diagnosis is being done and all well's jab getting just medicine prescribed by Princess of Wales hospital, Bridgend in August. Someone high up is controlling each legal move within.

As I said at xxx they are playing all the same tricks of summer 09 and to not intend to call it up this time.

Best regards

M Kirk

PS. Has my car been moved by Sabine? Nothing wrong with place. It will be too expensive to buy b ail soon.
