### 1<sup>st</sup> Part of my DEFENCE STATEMENT

1. Dr Tegwyn Williams complaint statement of harassment was triggered only because South Wales Police asked for one. On my arrest / caution / interview Police refused to refer to written complaint where it indicated clearly the Dr was angry but had made no complaint until pressed by those receiving my complaints or their threat to kill me and Police falsified evidence in machine gun trial, painting it to fool the jury.

Extract of para 1 of Dr Williams' statement: *"20 years at Caswell Clinic since qualified as forensic psychiatrist. Assess by myself and the clinic" – "due to his presentation on remand for a criminal damage" SANS PAROLE says it all.*

2. Dr Williams' 3<sup>rd</sup> August 2009 psychiatric report to have me sectioned, relied on by 7<sup>th</sup> August Cardiff Crown Court, was written with no clinical examination of me, as I did not even enter Caswell Clinic psychiatric prison Bridgend, until late on 7<sup>th</sup> August! The only psychiatric clinical examinations done on me prior to Caswell's horrific torture was following my arrest on 22<sup>nd</sup> June 2009. This was by Police Section 12 psychiatrist, prison psychiatrist and Section 12 Dr Jones, all of whom wrote no indication I should be sectioned under 35 of 1983 Mental Health Act. (See disclosed, and still undisclosed medical records.)
3. "Maurice Kirk has issue with my medical assessment", "my collaboration with Police", ... "organised persecution", "not withheld any medical records".  
CPS / Police Disclosure. See 2009 MAPPA minutes, page 11. Machine gun trial transcript. See also case law eg. R v H of C to House of Lords, etc. Police covert surveillance and bullying of me.
4. Dr Tegwyn Williams 3<sup>rd</sup> August 2009 report, without a clinical examination, stated I was suitable to be transferred from Cardiff Prison to one of his own private clinics under 1983 Mental Health Act. This Dr alone diagnosed me as a mental patient with "paranoid delusional disorder", believing I was being persecuted by the South Wales Police. Dr Williams, in his Sept & Oct 2009 psychiatric reports recommended to numerous Cardiff Crown Courts that I be sent to Ashworth High Security psychiatric prison as he alone had now diagnosed that I had "significant brain damage" and a possible brain tumour!

5. His main reason, in the report to send me to a High Security Prison, was that I was a “media risk”, if left in a medium secure psychiatric prison, Caswell Clinic, Bridgend, despite him being the Clinical Director.
6. “Having read this poster (6<sup>th</sup> July 2011), I feel threatened and vulnerable”... “whereabouts and also due to my medical knowledge of Maurice Kirk.” What medical knowledge?
7. Following failure by Police / CPS / Dr T Williams in disclosing further medical records, created in monthly 2009 MAPPA meetings, held in one of Dr Williams’ clinic unless, of course, not hurriedly re-written, as with Professor Roger Wood’s 1<sup>st</sup> Sept 2009 report on my “irreparable brain damage”. He, like Dr Williams, also having no qualifications whatsoever, wrote at least two reports, reliant on his view being
  - a. I had crashed and aircraft into the Caribbean Sea
  - b. Been a long time drinking partner of an actor called Oliver Reed and
  - c. Had flown a worn out WW2 D-Day Piper Cub all the way to Australia without a map.

## **2<sup>nd</sup> Part of my Defence Statement Summarising Prosecution Statements**

8. Detective Constable 584 John Dixon 8<sup>th</sup> July 2011  
On 21<sup>st</sup> June 2011 he witnessed me seeking advice at Barry Police Station to confirm my honest believe that the WANTED posters were within the law, thus allowing me to stick one up on their front window, without fear of prosecution. The Detective Constable made no indication to me that I may be causing a breach of the peace or any other offence, unless I was deliberately being misled, by my displaying the poster in public.
9. Detective Chief Inspector 2976 Marc Lamerton 16<sup>th</sup> Sept 2011  
on 1<sup>st</sup> July 2011 he witnessed me in Land Rover, in the middle of King Square, Barry Town Centre, displaying a large red banner with the words “Corruption in our Courts” with a Welsh flag flying from the roof. He saw large WANTED posters displayed all over the vehicle of his former Chief Constable Barbara Wilding and those of Dr Tegwyn Williams. . He chose not to speak to me but rather speak to the two police officers standing by me to not leave the area, but to ensure that there was not ‘breach of the peace’. My large megaphone and other appropriate paraphernalia therefore remaining on the passenger seat for later. Incidentally, I had already asked two police officers at the scene, whether either of them had any objection to the content of the Dr Tegwyn Williams poster versions or that one of Barbara Wilding, printed “WANTED for Attempted

Murder". Their answer was 'No'. The joint police reply, on all six persons, publicly displayed was that they saw nothing in my conduit to indicate a 'breach of the peace', unless I was being provoked again.

10. Detective Sergeant 2762 David Thomas 21<sup>st</sup> Sept 2011

Also on that 1<sup>st</sup> July afternoon, after Detective Chief Inspector Marc Lamerton had returned from my Land Rover in King Square to Barry Police Station, Detective Sergeant Thomas attended at the time Vale of Glamorgan Council offices and took possession of CCTV footage taken of King Square that day.

11. Susan Wilkes Police Staff No 53362

On 5<sup>th</sup> July she was approached by me at Cardiff Central Police Station to examine a WANTED poster of Dr Tegwyn Williams, she being not a South Wales Police officer. It did not appear to cause her any concern. After leaving the poster with her, I spent the next 2 ½ hours with acting Inspector Louise Lucas who appeared to be taking down my complaints in a bound book. Dr Tegwyn Williams' false psychiatric reports of me, fabricated in order to divert me to a high security psychiatric prison and thus avoid the then pending criminal trial, gathering world publicity, due to websites such as [www.kirkflyingvet.com](http://www.kirkflyingvet.com) The criminal trial was to start on Sept 09 and then on 25<sup>th</sup> January 2010 with the remaining charges of the original 4, brought by Barbara Wilding, Chief Constable of South Wales, to be deferred . Dr. Tegwyn Williams' last known psychiatric reports were made public on 2<sup>nd</sup> December 2009 before HHJ Bidder QC in Cardiff Crown Court and at 17<sup>th</sup> December 09 MAPPA meeting in his clinic. This believed final report was, however, kept secret by the recorder of Cardiff, a Judge Nicholas Cooke QC by his ordering the HM Court Service (Wales) Manager to obstruct my attempts to gain copies of public record full transcript and court log.

12. This conduct of Cooke was, of course, not new to me. On the contrary. In the prior 7 months imprisonment, whilst unconvicted for the then 4 allegations, he had conducted his own Crown Court hearings, again in my absence, as did HHJ Bidder QC on 2<sup>nd</sup> December.

13. In his June 2010 hearing he had me jailed for a month, for my arguing for the release of the 2<sup>nd</sup> December 2009 document, Dr Tegwyn Williams had in person given to Judge Bidder QC. Judge Cooke in around 1999 when he jailed me for calling Police should be arrested after yet another jury deemed it necessary to pass a note to a trial judge, complaining of South Wales Police officer were perverting the course of justice in the face of the court.

14. This only Dr Tegwyn Williams statement, so far disclosed by the CPS & NHS, is dated 6<sup>th</sup> July.  
Members of the K-Team in the back of Cardiff's 13<sup>th</sup> October Magistrates Court all witnessed the CPS and Stipendary's usual tactics to blackmail a Litigant in Person to use a lawyer. Release of Prosecution witness statements is always a bit of a battle. Belated though it may be, this allegation of harassment on a forensic psychiatrist, in his line of business, takes a bit of believing. Five different versions of my 'full medical records' covering the time I was under his 'care', were only released by my having to apply the Freedom of Information Act. All reports omit psychiatric reports submitted to the MAPPAs meetings of his own staff, police and social workers present on 17<sup>th</sup> December 2009 which caused my social status to drop on the prison exercise yard from category 3, one of the top 5% of the most dangerous in our community, being removed from the MAPPAs register completely!
15. My current civil proceedings in the High Court, for the release of these medical records and MAPPAs meeting minutes, further revealing the lengths to which South Wales Police will go, were blocked on 28<sup>th</sup> Sept by the HM Prosecution in this case instructing HM Prison to refuse me access to my two civil actions, Kirk v Barbara Wilding and South Wales Police, one now entering its 20<sup>th</sup> year of litigation.
16. Susan Weekes handed one of the versions of the Dr Tegwyn Williams posters to acting inspector Lucas who, in turn, came to a conclusion as to reading its content was lawful.
17. The conclusions by at least two of the police officers who examined it, in the central police station on 5<sup>th</sup> July, was recorded in at least two bound books.
18. My request for copy was refused by the inspector and will, no doubt, also be refused by 'HM Partnership' as it will further indicate why the 'shoot to kill' policy with me as the target, was reversed in already leaked June 09 MAPPAs minutes by already very worried Caswell Clinic staff over Dr Williams appalling tragic record.

### **3<sup>rd</sup> Part: Surrounding Relevant Issues**

19. Before my Defence Statement moves to other relevant issues surrounding the dreamed up charge of Section 2 of the 1998 Harassment Act, to avoid a Jury Trial, the reader must be reminded of what started Dr Tegwyn Williams to be brought in to help continue the many years of South Wales Police bullying and other criminal conduct.

20. On the 22<sup>nd</sup> June 09 I had been arrested , not just for trading in fire arms, but following a written complaint by Dolmans Solicitors Cardiff, for 'threat of criminal damage'. To throw a 'gurt' brick, retained to exchanging witness statements by a piece of string.
21. The Police never had any intention of arresting me under the 1968 Firearms Act as the 8<sup>th</sup> June MAPPa meeting had two staff of Caswell Clinic present to be further updated of Dr Tegwyn Williams' role to have me sectioned to Broadmoor for life, thus avoiding a very public Jury Trial doomed from the start to failure.
22. Disclosure of the Crown Prosecution's minutes of the 1<sup>st</sup> June 2009 Independent Advisory Group meeting, held at Bridgend Police HQ, with submissions from a certain forensic psychiatrist will further bring proof of a conspiracy.
23. Dolmans Solicitors, on the one hand, have denied knowledge of any of this in open court and content of their client's at least seven MAPPa meeting minutes to get me sectioned by Williams. In return, Seys Llewellyn QC my trial judge in the pending 10 week civil trial, was given immunity to prosecution from Dolmans' information that Saturday morning on the 20<sup>th</sup> June, at the Bridgend Police HQ, and contained by Dr Tegwyn Williams' assurance that, as soon as I was in custody, he would manipulate the evidence of my forensic history, supplied to him by a then Police Officer Derrick Hassan [Derrick Hassan, now on the pay of HM Court Service (Wales)] is the start in the aging Police action to secure a 'common assault' conviction after my being deliberately pushed, on both of my crutches, down the Crown Court steps.
24. This explains the current unlawful conduct, again, of HM CPS Cardiff Magistrates and HM Court Services (Wales) of leapfrogging that part heard criminal trial, started last November, to block my legal right to cross-examine Hassan, whilst he is on oath.
25. **Constable 5229 Darren Anthony Westall 24<sup>th</sup> August**  
On 24<sup>th</sup> August 2011, following my laying of new information at Cardiff Central Police Station of the South Wales Police Station having painted their main exhibit, one WW2 Lewis machine gun, in my Crown Court Trial, just to fool the jury , I was immediately re-arrested.
26. I had the witness statements from a Lincolnshire museum confiscated. Long after midnight, in Cardiff Bay Police Station, I asked for my computer and full contents of my computer bag in order to print out an already prepared defence statement for the real reason why I was arrested.

27. It had been the 4<sup>th</sup> time I had been to the Police trying to persuade them to examine a number of August 11 dated witness statements stating that, when a Mr Cooper, the main prosecution witness in the ridiculous trial who had bought my decommissioned machine gun, a year before my June 09 arrest and had painted major black coloured components on it to silver, witnessed by both his wife and various aero engineers in this hangar, within days of taking possessions of it from me.
28. On the matter of 'possession' the jury had asked, during the trial, just how many machine guns featured in the case and, after the trial, asked me and numerous other defence witnesses present, refused the right to speak in court, why wasn't Mr Cooper up along side me, in the dock? *"And do not forget the museum that originally sold me the antique"*, I replied.
29. I had to suggest to the majority of the Jury present, via one of my family, that one of the parties, purported to have sold it to me 12 years earlier, was already serving a firearms dealing conviction in the USA with her partner on the run in Singapore!
30. Cardiff Constable 5229 snatched the Lincolnshire evidence, witness addresses and their contact numbers along my computer and senior police officers have continued to refuse to return it or allow me access to the information stored on the computer memory for 9 ongoing cases.
31. The Constable admits he was only to search for computer, nothing else and his statement reasons the search commenced [extract: at 1:25 hrs and immediately located a laptop in the front passenger foot well of the vehicle, I then seized the item. This was the only item I had been requested to search for and therefore at 1:26 hrs I concluded my search.]
32. To indicate the extent of their malicious intent it took 11 Police Officers to get the empty computer bag back off me once, on my release on bail, caught on video, someone belatedly demanded my signature before its release.

#### **4<sup>th</sup> Part of my Defence Statement summarising Civilian Prosecution Witnesses**

##### **33. Andy Davies Clinical Risk Co-ordinator 1<sup>st</sup> Sept 11, Witness Statement**

Extract "At this time the clinical director Dr Tegwyn Williams was in overall charge of Kirk's care or Care Manager and to the best of my knowledge he was responsible for arranging Kirk's transfer to Caswell from prison for treatment."

34. I was never so terrified in all my life during my 3 months of sheer well locked up under the control of such a wicked doctor, abusing his position on almost daily basis. I have never

recovered. He used an unnecessary and potential dangerous brain scan by using radio isotopes injected into my brain.

35. He then, without qualifications, contradicting numerous experts in the field, stating I had irreversible brain damage, it being significant as there were clinical findings and a possible brain tumour.

36. My request for an independent scan (non intrusive) after a suitable period of 2 months he flatly refused.

37. 2<sup>nd</sup> Dec 2009, I was kept locked up in the court cells, below Cardiff Crown Court, while Williams informed the clandestine hearing of his findings, now pressing for my being further sectioned to Ashworth High Security Psychiatric Prison.

**38. Amanda Watkins, Caswell Clinic, Social Worker, 13<sup>th</sup> Sept Witness Statement**

her statement appears to suggest the WANTED posters of Dr Williams and Chief Constable and three of twelve judges in the 'machine gun' conspiracy caused no harassment, alarm or distress, quite the opposite.

**End of Part 4 and Part 5 blocked by Prison**
