4th September 2014

Dear Sir,

Oral Hearing re 'Recall to Custody' Appeal

1. Following my 'emergency' recall to custody on 11th July 2014 I find I require **attendance and witness statements of staff who spoke to me with regards to my taking photographs in the vicinity of the premises and specifically my suggestion not ones to be taken of the premises itself. It is for an oral appeal sometime never.**
2. Also clarification is sought concerning my meetings with the MAPPA designated Offender Manager based in Barry police station and their purpose to re imprison. Were you even asked that I may wish to keep my legal papers in my locked room while the prison van waited outside with my legal files and laptops?
3. Also needed is the exact audit trail disclosure of how I became allocated to a MAPPA controlled local GP practice without my knowledge or, indeed, my consent, until it was far too late. Why didn't the GP simply tell me or did he assume, as with most other SWP licensees, I was told by the Offender Manager? John Graham Esq has invoked a FOIA application for SWP medical records disclosure, at last, backed by Alun Cairns MP, so I require the names and addresses, for service of witness summonses, for the residents possibly implicated in the purported reasons for my unprecedented 'emergency recall' to custody.
4. John Graham's 28th August 14 reply from Mr R Walden of OM & PGG NOMS (ref TOI4/3330) refers to my recent 'pre action protocol' civil action notice in the high court, served on HMP Swansea, Luigi Strinati and others and refers to your custody record of my enjoyable stay, albeit short, needing to be sent to me as soon as possible, please. **My own records have, of course, gone 'absent without leave'.**
5. This week neither Acting no.1 Governor nor 'Head of Residential Safety', Governor Eoin L Lawrence, could assist in the whereabouts of my legal papers. It took five months, last time, to finally be allowed them in custody, despite last November's judge's direction and a further two months to use them with a laptop.
6. I request copy of all your communications with the South Wales Police on me for the oral hearing of the appeal and other interested parties.

Yours truly,
Maurice J Kirk BVSc
