Private Criminal Prosecution

Barbara Wilding & Adrian Oliver

Dear Mr Dobson,

Further to our telephone conversation yesterday, I confirm that I sent full details of my application to you before I was sectioned on 7<sup>th</sup> August, under the 1983 Mental Health Act, by Cardiff Crown Court.

You state that you have no knowledge of my letters from the prison and recorded delivery letter from this South Wales Forensic Laboratory.

I am now denied access to any of my legal papers that were with me in H.M. prison or locked up here in Intensive Care Unit.

Your court need only refer to my 19<sup>th</sup> June 2009 witness statement used by you at my successful Bail application on 24<sup>th</sup> June 2009 and the 26<sup>th</sup> February 2009 sworn affidavit by the Chief Constable, Barbara Wilding, co-defendant with Adrian Oliver of Dolman's, the purported author of her screed.

A copy of said affidavit is close to my 19<sup>th</sup> June 2009 statement, prepared for this action, in the 'most recent' of downloads on www.kirkflyingvet.com bought and paid for in 2000 in order to inform others of H.M. conspiratorial partnership.

Her paragraphs 14 – 20 are at the heart of the abuse of process, covert police surveillance e.g. 'Denied Arrests' and 'Barry Magistrate Court Hearings', are rife.

Another example is Para. 624, in my 19<sup>th</sup> June statement, which refers to Cardiff Police with Sergeant Roe breaking into my branch veterinary surgery with crowbar and sledge hammer, leading to my arrest, while a daughter of Barry police inspector is re-housed into my flat, above.

I enclose a police statement written in Ely, identifying the culprits. Doctors here refuse to examine hard evidence tendered.

Interestingly, I am being subjected to 'intrusive procedures' in custody while no one will allow 'mutual exchange' of this evidence in my 7 civil actions against the police.

My 4<sup>th</sup> October 2008, unanswered letter to the defendant(s) lists 40 odd such police incidents of harassment, both refusing to identify police for 11<sup>th</sup> January hearing.

Just what more do you need to list this case?

Yours sincerely,

Maurice. J. Kirk.
