Falsification of Public Court Records

Dear Sir/Madam,

Application to Strike Out the now sacked Dr's 'Restraining Order' Nonsense

I have written to the authorities before on this and over other many outstanding issues before, to no avail, wishing clarification on the reasoning behind the apparent clandestine court hearing, for an example, in April 2014? possibly 30th, when I again (10th time?) was neither informed as the victim in the conspiracy or allowed to attend.

Rumour has it that there is a reason why the court will not be able to amend/clarify or prosecute the 4th alleged breach of 1st Dec 2011 'restraining order' because court records, despite being re fabricated, for the second or third time, still indicate the decision by the 4th May 2012 jury specifically asking, in writing, to see proof one restraining order was ever served on me in the cells of Cardiff Magistrates.

The CCRC confirmed the clerk's notes were in their possession, since February 2013 without me knowing and were now for me but now refuse despite my having to come from France to just collect them. Do you need the tape recording of the hearing?

CCRC said it would only give them to a lawyer but now even that is refused. Two Cardiff judges, at least, have directed I have them, the CPS have admitted several of their barristers have them but no one will give for fear of consequences.

I apply for an oral hearing, if it cannot just be so directed for the third time, to make someone (CPS, Magistrates court & Crown Court clerks, CCRC, police or Uncle Tom Cobly) to simply hand the 'harassment' court file over to a designated English based solicitor with no more mucking me about by the lot of you.

I apply for Cardiff Crown Court to order Geoamey Custodial Services to disclose its 1st Dec 2011 records of its purported receipt of said 1st Dec 2011 Cardiff magistrates 'Restraining Order' from court officials, date, time and by whom did the 'service thereof? A bunch of five dragged me out of the cell for awaiting police, all recorded.

I apply for Cardiff Crown Court to order the South Wales Police to disclose its custody records, for 1st Dec 2011, of my 'gate arrest' at Cardiff Magistrates when I was arrested for 'failing to attend' the MUSA Nigerian family snatched Haringey Council criminal hearing when HMP Cardiff had had instructions from the South Wales Police not to have me produced.

I thank both your patience and willingness to expedite this matter.
