

MAURICE JOHN KIRK

Ministry of Justice
HM Parole Board
The Chief Constable of South Wales Police

WITNESS STATEMENT OF MAURICE JOHN KIRK
For the 1st Defendant (Ministry of Justice)

I MAURICE JOHN KIRK BVSc, SAY as follows:

Age 72 Occupation – Victim of Public Protection Agencies

This statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution, if I have wilfully stated in it anything which I know to be false or do not believe to be true.

Criminal Justice and Court Act 2015

1. Section 26 addresses corrupt or other improper exercise of police powers and privileges. In that context, this case raises these questions once again:
 - 1.1. who polices the Police?
 - 1.2. who is liable for damages caused by the failures of Police to act?
 - 1.3. who is liable for damages caused by the deliberate abuse of power by Police?
 - 1.4. who benefits from the prospect of putting me into prison on 17 November 2017?

- 1.5. who is liable for producing a Restraining Order that protects the author of a false and fake medical diagnosis who lives at an undisclosed address in New Zealand?
 - 1.6. who is responsible for claiming to vary the Restraining Order that does not show any variation?
 - 1.7. who is liable for mis-leading and under-informing a jury that found me guilty of violating that Restraining Order?
 - 1.8. who benefits from continuing to delay my civil damages claim for compensation by the 3rd Defendant?
2. Ever since I started my professional life as a veterinary surgeon and pilot in Somerset, like my father, this and many other civil and criminal cases, most of which I won, are all due to an abuse of power and position by Police in Somerset, Guernsey and South Wales.
 3. Given my age and experience with countless victims of courts, police stations and prison cells, I now have not only a long term but also a unique pilot's view of the operating system of public institutions. No professional in the judiciary can have such insight from real life experience.

Visit to One Kemble Street

4. On Wednesday 11 October 2017 I handed in my appeal papers. I spoke to a solicitor to make it clear that I am embarrassed about my country and Government.
5. I don't want to be in this position of having to go to the highest possible ranks to stop extreme and exceptional harassment by South Wales Police, the 3rd Defendant.
6. Police swear a professional oath which seems to evaporate in the course of their duty unless it is overruled by Freemasons, as an article on 13.01.2014 in the Independent revealed: [how gangs used Freemasons to corrupt Police](#)¹.

Public Authorities Claiming Funds under False Pretences and Fake Medical Diagnosis?

7. This case is the latest attempt by the 3rd Defendant to stop and delay my civil damages claim when admission of guilt by out of court settlement would be in order.
8. The most blatant attempt to stop my claim was initiated on 25 February 2009 by the then Chief Constable Barbara Wilding who wrote a sworn Affidavit that all Police disclosure had been handed over, which turned out to be a lie.
9. She initiated Operation Chalice with a 'shoot to kill order' to get a helicopter and some 20 Police to arrest me and snatch our then 10-year-old daughter on 22.06.2009.
10. She then tasked the Forensic Psychiatrist for Wales with writing a medical assessment, without examination, that would ensure my incarceration for life in a high security prison on behalf of the 3rd Defendant.

11. While his statement, written on 19 October 2009, did not achieve its initial aim, it caused extreme costs to my health, wealth, family and professional life.
12. This fake and false diagnosis, by a not sufficiently qualified doctor, affected not only my finances, but also the Public Purse.

Who Protects the Public Purse?

13. At all times, during a multiplicity of civil cases, Police Officers were constructing criminal cases and the 3rd Defendant went out of their way to cause situations that would never have happened, if they themselves had not been involved, for the purpose of defending their personal self-interest and the interest of the institution.
14. As the latest Draconian and illogical measure, three Public Authorities are claiming funds from a Litigant in Person who has been forced to defend himself against public services that are funded from the Public Purse.

HMCTS Cardiff Protect the False and Fake Medical Diagnosis

15. Whilst my statements and experiences may sound *over the top* and un-believable, they are either a fluke of coincidences or the result of a multi-agency conspiracy.
16. In fact, I only found out by chance, whilst in Cardiff prison, that I was registered as a highest level terrorist on MAPPA, the Multi-Agency Public Protection Agreement that enables co-strategising among different authorities.
17. Whilst I am unable to demonstrate how these concerted efforts were orchestrated, I can certainly tell from my latest experience in Cardiff Crown Court how MAPPA agencies choose injustice over the compensation claim to be acknowledged:

The 3rd Defendant Acting as Agent Provocateur

18. [Case 96/1639 CMS1²](#) is about the AMEX fraud in the Supreme Court. The judgment of 24th March 1998 against West Midlands Police lists points 3 and 10 to punish Police for acting as Agent Provocateur.
19. I am hereby hoping to appeal to the 1st Defendant to rectify wrongs done to me by the 3rd Defendant, in particular:
 - 19.1. the false medical diagnosis, proven to have been wrong, as the basis for
 - 19.1.1. wrong medical records held by the University Health Board;
 - 19.1.2. they were continuously used to refuse examinations and operations, especially during false and long imprisonments caused by the 3rd Defendant;
 - 19.1.3. false arrests and imprisonments;
 - 19.1.4. depriving me of my income as a professional veterinary surgeon and pilot;

19.1.5. claiming funds for covering up crimes of fraud and misfeasance committed by the 3rd Defendant, rather than getting them investigated or prosecuted.

Public Authorities Benefitting from Fake Medical Diagnosis

20. Whilst the prime beneficiary of the fake diagnosis is the 3rd Defendant, other Authorities benefit from the 3rd Defendant's unlawful and criminal behaviour, shown shockingly in the case of the [Cardiff Three](#)³ aka the [murder of Lynette White](#)⁴:

- 20.1. **Adrian Oliver** from Dolmans Solicitors Cardiff – the private law firm manipulating legal processes on behalf of the 3rd Defendant;
- 20.2. **13 Welsh judges** who favoured South Wales Police rather than myself as their victim.
