Madeleine Moon MP's letters

Dear Mr Alun Cairns MP,

ref my 24th April 2018

**Police Block Hospital Appointment
For fear Caswell Clinic Medical Data will finally be disclosed**

1. Today, Appellant informed he can only complain on 'one issue' on a complaint form (PSI02/2012) despite earlier directions as all are MAPPA related, so seven are returned.
2. The computerised CMS system, on the wing, when requests/complaints are submitted 'on line', not only restricts itself to only one complaint at a time it also blocks the machine entirely, for days on end, before allowing a new one. No receipt paper replaced in 5 months re therefore no proof of complaint or purchase as that would cost money.
3. The duty governor was, perhaps, unfortunately caught on the Appellants wing, while seeking a speedy exit. A copy of his complaint to No.10, has served on management..
4. Seven Comp 1 complaint forms are returned, from 19th April onwards, 'not processed' including:
 - i) Why is my 24th April complaint, re denied access to telephoning Legal Ombudsman, when it had specifically requested it despite all knowing the Appellant would pay?
 - ii) Why not allowed more than £15.50p a week, on all 'spends', eg extra for legal phone calls/photocopying, if not another example of daily 'blackmail to risk employing a local lawyer who could, so easily, confide with the enemy?
 - iii) Why, after over three months, is private money still not released for phone calls & court fees etc and especially after the wing manager admitted my being fined £15.50p was wrong, contrary to prison rules 47/20113.2 re flawed punishment case?
 - iv) Why not 'enhanced' to £25 maximum weekly 'spends', after nearly 5 months in here if not another MAPPA abuse, now common place in Appellant's life, in or out!
 - v) Why now 9 times welsh prisons have blocked his production to courts despite courts and prisoner having notified each, in writing?
 - vi) Complaint re nearly 5 months now and still no help to supply court appeal forms as not even a 'court liaison' officer in the establishment. As not a 'remand prison' there is no will of G4S spending a penny more than what it considers it can get away with.

Is it simply because, following my 14th December 2017 imprisonment, police in effect are running this prison? Police had me, again, in prison as a registered MAPPA nominal no doubt to block, again, all privileges of the usual prisoner goaled for a similar 'offence' - spite.

5. Appellant remembers, in 2014, the governor had sent him back to HMP Swansea, on arrival, as 'far too much trouble for the private company to contemplate'. Who else is just waiting for his demise, exemplified in a nurse 'collared' today, not the least concerned, it appeared, the over Appellant's 5 month delay for a re-arranged biopsy hospital appointment?

Yours sincerely,

Maurice J Kirk BVSc
