24th April 2018

Dear Mr Alun Cairns MP,

**MAPP A Controlled Prisons
Contrary to Regulations**

After another week-end with guts-ache and denied my routine quite innocuous Omeprazole tablets, as the ankle was so bad to get to pharmacy, someone, again, is refusing I pick up my months supply, as last time and with other prisoners, at wing 'medicine' hatch open every day.

My last year's blocked hospital internal examination is still denied or my seeing my own GP privately. Blocked, I now understand, as G4S wants to make more money out of transaction.

'Security' has now reduced my £15.50p weekly 'canteen' spends to 0.64p to last for telephone calls for the next 7 days! The 'Cashier' (MAPP A) had eventually, after months of futile banter, allowed my financing for court costs, including photocopying, fees and legal phone calls, not from the £15.50 but from the £50 weekly maximum, now allowed in by my brother as MAPP A had cleared I was not 'money laundering'. More G4S deceit riddled lies.

Is it a co-incidence the prison still refuses my right to telephone the Legal Ombudsman as requested by them? Their investigation, as to why four unrelated law firms had failed to attend my trial or present 'machine-gun' evidence of the plotting to have me shot, is stopped.

A 'lifer' suggested I again try and get the prisoner's 'MAPP A Break-down Pack' setting out, apparently, what my 24/7 surveillance (even as I type) can do and not do. No wonder I am refused a 'legal' library visit, the, exactly as in HMP Swansea, as litigant in person, had done suing for MAPP A 2014 'recall' to prison. MAPP A had, with no criminal conduct alleged, denied me a parole board to sit before 'recall' or even after, contrary to '28 day' rule as no one could agree with Dr Tegwyn Mel Williams, of course, now banished to New Zealand.

So what is 'new under the sun' where the South Wales Police are concerned? In this police controlled private prison, as opposed to the safety of a government run on, no wonder an Englishman in this barbaric environment of inherent deceit has no hope of 'reasonableness'.

Hang on here, MAPP A it was in 2009 whilst in Cardiff prison for 'trading in machine guns', I paid out to lawyers to do just that, obtain a MAPP A 'pack'! Recently, I sent them a further £10,000 to represent me in the 2009 MAPP A inspired 'machine-gun' civil damages claim, following its predicted Crown Court acquittal. Guess what, no lawyer attends and I am again (nine times now) denied access to a Cardiff court room for 'redress', put off now for 10th year!

£25.50p weekly private spends increase after 3 months in a UK prison is blocked by denying an appeal system exists, as it will be won-**PSI/47/2011 3.2 Flawed cases**. Even after months fighting for £7 refund, from G4S selling faulty goods, promised but not done hoping I don't notice. No paper receipts for purchase or medication today, access to G4S regulations are just small increments devised to having me finally eliminated by cancer having failed by MAPP A

Yours sincerely,
Maurice J Kirk BVSc

If received this letter within 10 days, mail often MAPP A delayed a week in or out, it may be I managed to throw the memory stick into next wing window whilst on exercise
